India, supposed to be the most populous country on the globe, has probably 300 000,000 inhabitants. China is said to have 400.000.000 inhabitants. but the estimate is undoubtedly grossly exaggrated. The population of South America has been checked by internal discord. In Paraguay there is said to have been an actual loss of 337,000. An estimate, based upon the growth of Great Britain and the United States, gives to the former country in the year 2,000 a population of 91,000,000, and to the latter of
